Dear Mr, Totro

Please excuse me for the delay in answering your last letter. I have been back to the doctor several times since my release from the V.A. Hospital, I have to see him again on the 20TH March. to discuss what if anything can restore the mobility to the left shoulder. But enough of those problems. There has been many books written about the assassination some of the information was asked of me, which I gave freely, and will until such time as they get someone good enough to silence me.

I have not read many of the books written as that day Nov 22 1963 has been burned in my mind as if with a branding iron. There are many things left to be said, many questions unanswered. Penn has done extensive investigating and I admire him very much. But on that day I saw the physical evidence such as the paraffin test on oswald, and I also was in the room when Capt. Fritz talked to oswald and heard all the questions and answers. Deputy Luke Mooney and I found the empty shells on the Sixth floor, Deputy Eugene Boone and I found the [redacted] rifle which I might add was a 7.65 Mauser so stamped on the barrell.

and somewhere between the Book depository it changed to another Type of weapon? when it arrived at the Police station.
I would be happy to answer any question's you have concerning my role in the investigation as I have always done.
after all I was born here in the U.S and served my time in Korea, and this is my country too.
as to my leaving Texas I would love to However I have never asked for assistance nor will I - when and if these people down here allow me to earn enough money to leave I would be more than happy to oblige them - I applied for a job recently and of course I was forced to give the sheriff's Dept. for a reference

The letter the sent my ~~Asst~~ Prosp-
ective employer was as follows.
Roger Craig is not desirable for
re-employment with this Dept,
due to his involvement in the
Clay Shaw Trial (End Quote)
now I suppose answering a Summons
could be called involvement But
I thought it was obeying the law
of the land
and when I do think im getting
Together someone blows my left
shoulder off with a shot gun.
However I will Keep going one step
at a time.
But as I have said I would
be happy to answer any and all
Questions you wish to ask of
me.

as for all the burglary of watergate
and the Begging. the first tapes
disposed during the Ruby trial
when the court room was bugged
and a Van outside was taping the
